01 PROFILE

As an enthusiastic intern at Techcrast Software Solutions for 10 dynamic months, I honed my craft in creating web applications using C#. My standout achievements include delivering high-impact projects and seamlessly collaborating with a call center company, showcasing my exceptional problem-solving abilities and knack for effective teamwork. With a passion for innovation and a proven ability to adapt and thrive in fast-paced environments, I'm ready to elevate your projects to the next level!

02 EMPLOYMENT HISTORY

Jan 2023 — Oct 2023

Nairobi

Junior Developer at Sammy Kegode

During my tenure at Techcrast Software Solutions as an intern for a duration of 10 months, I actively contributed to the development of impactful web applications utilizing the C# programming language. This invaluable experience allowed me to refine my technical skills and provided me with hands-on knowledge of the software development lifecycle.

In addition to my direct involvement in web application creation, I had the privilege of engaging with a call center company, broadening my understanding of client interactions and further emphasizing the importance of delivering solutions aligned with client needs and expectations. This exposure enhanced my ability to effectively communicate and collaborate within a multidisciplinary team, crucial for successful project outcomes.

My time at Techcrast Software Solutions has significantly bolstered my capabilities in software development and bolstered my understanding of the dynamic challenges within the industry. I am eager to leverage this experience and continue contributing to innovative projects, driving software solutions to new heights.
